

The Country

A Better Home. A Better Lifestyle.

MAIN FLOOR PLAN

This cozy country cottage is enhanced with a front-facing planter box above the garage and a charming covered porch. The foyer leads to a vaulted great room, complete with a fireplace and radius windows. Decorative columns complement the entrance to the dining room, as does the arched opening. On the left side of the plan resides the master suite, which is resplendent with amenities including a vaulted sitting room with an arched entryway, tray ceiling, and French doors to the vaulted full bath. On the right side, two additional bedrooms share a full bath.
